CAREER OBJECTIVE

Motivated Computer Science Engineering undergraduate with strong foundations in Data Structures & Algorithms, C/C++, and full-stack web development. Seeking an internship or entry-level software engineering role to leverage problem-solving abilities and build scalable, real-world applications while continuously learning modern technologies.

EDUCATION

B.Tech in Computer Science Engineering — KIET Group of Institutions, Ghaziabad | CGPA: 8.04 / 10 | Ranked among Top 10 in class

Class XII – Rajasthan Board (2023) — 92.4%

Class X – Rajasthan Board (2021) — 90%

TECHNICAL SKILLS

Programming Languages: C, C++

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming, Problem Solving

Web Technologies: HTML, CSS, JavaScript, React.js, Tailwind CSS, Bootstrap, Node.js, Express.js

Databases: MongoDB, MySQL

Tools & Platforms: Git, GitHub, VS Code, Postman

PROJECTS

Postify – AI Powered Blogging Platform (MongoDB, Express.js, React.js, Node.js, Tailwind CSS)

- Engineered a full-stack AI-powered blogging platform enabling users to create, edit, and manage blogs with secure authentication.
- Implemented OTP-based login, traditional authentication, and Google OAuth to ensure secure and seamless user access for both users and admins.
- Built a one-click AI blog summarization feature to help users quickly extract key insights from lengthy content.
- Developed advanced admin capabilities including one-click AI blog generation and automated blog quality analysis reports.
- Designed a comprehensive admin dashboard to track users, comments, blogs, and AI requests with real-time monitoring.
- Introduced usage-based AI request limits to efficiently control system resources and enhance platform scalability.

Personal Portfolio Website (React.js, JavaScript, HTML, CSS)

- Built a fully responsive personal portfolio to showcase projects, technical skills, and achievements.
- Implemented modern UI components for improved user experience.

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 Certified Architect Associate (Valid: October 2025 – October 2027)
- Oracle Cloud Infrastructure 2025 Certified DevOps Professional (Valid: October 2025 – October 2027)

ADDITIONAL INFORMATION

- Familiar with competitive programming and coding platforms.
- Strong interest in developing and managing full-stack web applications.
- Quick learner with the ability to adapt to new technologies and environments.
