Letter of Recommendation

I am pleased to write this letter of recommendation for **Rajat Maurya**, who worked under my supervision as a Frontend Developer Intern from **30 March 2026** to **30 June 2026**.

During his internship, he quickly proved his value by delivering high-quality, responsive user features using React, TypeScript, and Tailwind CSS. We were impressed by his ability to grasp complex technical concepts. He consistently delivered clean, reusable code that prioritized both performance and a polished user experience.

Beyond his strong technical abilities, he is highly proactive and collaborative. He worked seamlessly across design and engineering teams. I believe he has exceptional potential and would be a valuable addition to any development team.
